Unity in Diversity:

The Way Ahead for Humanity

This book presents a hopeful vision for the future – one that embraces a world at peace in harmony and unity, while each individual quality and approach is welcomed and needed. It concerns the future of *all* people – and of the Earth itself. Now at a crossroads, Humanity must make a major decision: to create a new civilization where social justice reigns, or continue as we are and cause the end of life on planet Earth. Creme shows that the path forward is realizing our essential unity without sacrificing our equally essential diversity. 167pp

**Transmission: A Meditation for
the New Age**

Transmission Meditation, introduced to the world by a Master of Wisdom through Benjamin Creme, is a dynamic process which serves both the world and the individuals involved. Groups 'step down' powerful spiritual energies directed through them by the Masters of the spiritual Hierarchy, thus creating a 'pool' of energy which benefits all planetary life. 212pp

Also addresses global problems and forecasts future events, demonstrating how the Laws of Cause and Effect work out on a world scale. 258pp

**The Great Approach:
New Light and Life for Humanity**

Addresses the problems of our chaotic world and its gradual change under the influence of the Masters of Wisdom, who are returning openly to the world for the first time in 98,000 years. An extraordinary synthesis of knowledge, it throws a searchlight on the future and reveals amazing scientific discoveries which lie ahead. 320pp

**The Reappearance of the Christ
& the Masters of Wisdom**

Benjamin Creme's first book revealed that Maitreya—the Christ and World Teacher for the coming age—is already among us. Includes: the effect of the reappearance on the world's institutions, the anti-christ and forces of evil, the soul and reincarnation, telepathy, nuclear energy, ancient civilizations, the problems of the developing world and the new economic order. 287pp

The Art of Co-operation

Examines the root cause of our world crisis: the glamour, or psychological 'fog', that hides the reality of our oneness and produces pain and suffering at all levels. Overcoming glamour is therefore seen as the key to realizing unity, the true relationship of all life in the universe. Co-operation—rather than competition—follows naturally, and is the only foundation for a just and peaceful world. 235pp

**Messages from Maitreya, the
Christ**

During the years prior to His emergence, Maitreya gave 140 messages through Benjamin Creme during public lectures. The method used was mental overshadowing and the telepathic rapport thus set up. The messages inspire readers to spread the news of His reappearance and to work urgently for the rescue of millions suffering from poverty and starvation in a world of plenty. 286pp
