SHARE INTERNATIONAL

A CLEAR VOICE OF THE NEW TIME

Unlike the majority of today's media, *Share International* magazine considers the entire world as a global village and all people as members of one human family. It gives its readers factual information about the injustices that persist, yet balances it with the inspired thinking of influential people in all fields and the practical solutions being implemented by little-known people in villages and cities everywhere.

The purpose of *Share International* is to inform people about the presence of Maitreya—the World Teacher—and His group, the Masters of Wisdom, as well as Their priorities and teachings for the New Time. The magazine also strives to raise public awareness of what *is* being done and what still *needs to be done* across the wide spectrum of human society—life on planet Earth.

Published monthly in five languages and read in over 70 countries, *Share International* has, for 28 years, inspired thousands of people to 'get involved' by giving their time, energy and financial assistance to the groups that are changing our world for the better. In so doing, they have also found new meaning and purpose in their own lives.

Thus, *Share International* is a 'gift', not only to yourself but also to those you care about. If you have never read it, and don't want to make a commitment for a full year, consider our 3-month trial subscription.
