

# Maitreya, the Masters and our Space Brothers

are  
**HERE to Help**

**November 4**

**2 pm - 4 pm**

**With the dawn of every new age  
come difficult birth pangs, and we  
are in the throes of such a time now.**

**BUT THERE IS GREAT HOPE!** With every new era one or more great spiritual teachers come to help us solve our most urgent problems. For the incoming Age of Aquarius, our heartfelt pleas have called forth Maitreya – the World Teacher for the Age – along with other enlightened Masters of Wisdom. And our Space Brothers are also here on a mission of mercy, as members of the “Forces of Light.”

*Hear counselor and teacher Dick Larson share this information, this vision, and this hope. The World Teacher’s appearance before the entire world is almost upon us. Mr. Larson’s presentation will include details about what to expect, followed by Q&A.*
